H. L. Seymour.....	2						28										9	

New Mexican Concedes the Election

The Santa Fe New Mexican of last evening concedes the election of Mr. McDonald by 1500 majority. This assures his election by double that number, as it has held off as long as possible in granting even his election. As further proof that the majority is larger than the New Mexican claims, several of the counties which it claims have given republican majorities have already swung into the democratic ranks. We quote from that paper as follows:

Unfavorable returns from Dona Ana, Colfax, Otero, Lincoln and other counties this morning soon whiped out the favorable margin that Holm O. Bursum seemed to have yesterday afternoon. The splendid majorities in San Miguel and Rio Arriba counties did not help him much and as the New Mexican goes to press, McDonald's election by almost 2,000 majority is certain, and the chances of the other Republican candidates for election grew smaller as as the McDonald lead increased.

Republican Counties Going Democratic

Santa Fe, N. M., Nov. 9—From latest reports received here today, Sandoval county has given a majority for the state democratic ticket. This is the county wherein E. Miera has held sway so long, and evidently the people have tired of Boss Rule. Santa Fe county has given a republican majority of about 200. The county ticket in Santa Fe county is split, reports giving the sheriff and the clerk to the democrats. Other offices are close and may go democratic when the total vote is in. In Colfax county the usual large republican majority was changed into a democratic majority of about 75. McKinley county another republican stronghold, the bailiwick of Gregory Page, has turned democratic in this election.

Married in El Paso

Word from El Paso brings the information that Miss Anna McNamara was married to Charles F. Sorsby on November 5, Rev. Father Roy officiating. The bride has been a resident of Estancia and the valley for the greater part of the past eight years, and her numerous friends here unitedly wish her a long and happy wedded life.

DEMOCRATS ELECT THREE IN TORRANCE COUNTY

Returns from all the precincts of the county except Palma came in yesterday, and the results as tabulated show the election of Julius Meyer by a majority of 134 votes, Lorenzo Zamora, commissioner of the 1st district by 92 votes and Juan Cruz Sanchez by 97 votes. It is reported that Palma precinct gave a majority for the republicans, but the majority will not be sufficient to overcome the majority of these three candidates, and they are as good as elected now. The rest of the officials of the county will be republicans, the majorities running from about fifty to over four hundred. Dr. Amble, the strongest man on the republican ticket received

over a thousand votes. The total vote cast in the county was a little over sixteen hundred, and the majorities as a whole are very small considering the vote cast.

Of the Progressive Republican candidates, two of the three were elected, while of the democratic candidates only one was successful. In several instances the voting was so close that every precinct except the last had to be counted to ascertain the result.

Without the Palma vote, Bursum has carried the county by 49 majority. The Palma vote is reported to be republican by about 40 to 50 majority, which will give Bursum the county by a few less than a hundred votes.

The Blue Ballot carried by a majority of 330, the vote being 942 to 612. The vote on the blue ballot is about fifty votes short of the full vote, showing that the people generally took occasion to vote the amendment.
